

# Synod Resources

## Books, games, videos, CDs and more!

Apart from the human resources available at the Synod Office we are looking to build up a resource of books, DVD's and magazines that can be made available to the churches of the Synod. We are cataloguing all that we have available and hope to increase the lists, over time, keeping them up to date and relevant. It is also possible that we may know where you can obtain other resources not listed here so do ask Henry or myself to see if we can help you.

This list is not exhaustive and liable to change so do check it out from time to time.
